

## St. Joseph's Dispensary – Tanyang

The people of Tanyang and we Sisters are grateful to the benefactors of Luxembourg for the generous help we received from you.

### Activities carried out:

We have a health care centre which is at service around the clock. Our health and development services are available to all people without any discrimination between class, creed, and religion or sex. In fact we give more attention to women and children keeping in mind that the women and children are the future of the society. Healthy mother and healthy child – healthy society was our motto for this year.

### Following are the activities conducted during the year:

- **Training of Village Health care workers** – We managed to give training to 10 women in our locality. Their task is to survey the houses and give immediate support and care to the patients. The Village Health care workers have regular evaluation and review of their work.
- **School health programme:**  
The Emphasis was given to bring awareness among the school children on health and hygiene. Two health camps were conducted in St. Joseph's Primary school, Tanyang and Govt. School Sinji. About 300 students participated in it. We are net working with the govt. in eradication of polio and tuberculosis. DOTS programme are being carried out by the health workers. Parents also were given awareness class on proper diet nutrition. They were instructed to provide locally made Horlicks (Panchaskati) to children.
- **Health camps:** in the month of August 2013 a health camp was organized in our dispensary. About 150 people participated. Two doctors from Govt. hospital were present for the health camp.
- **Mobile clinics** in three remote villages continues to give better health facilities to the patients. The village health worker was actively involved in the venture.
- We conduct regular Antenatal clinics for antenatal women.  
We conducted regular U 5 clinics for children below the age of 8 five.

*Mothers given awareness class*

*Programme for Mother & child care*

Dear benefactors we thank you on behalf of people of Tanyang for the financial support for better health facilities provided for them through our health care centre.

Thanking you.

Sr. Anne Joseph,  
St. Joseph's Dispensary- Tanyang.
